Woman Saw Reds Kill 120

CAMP FRIEDLAND, Germany (AP)—A 35-year-old German woman from a Soviet slave labor village in Siberia said today she had seen 120 men shot down because they had dared lead a strike against the Russians.

Brigitte Gerland, arrested in Dresden in 1946 while a free lance journalist, said she had been sentenced to five years hard labor by a drumhead Soviet tribunal without ever being told why.

Her five years expired in 1951, but she was not released then. She was freed this week and entered West Germany. She said that after a brief interview with Soviet secret police in Dresden and the rapid-fire passing of sentence on her, she was shipped to a slave labor area at Workuta, inside the Arctic Circle in Siberia.

No actual prison camps exist at Workuta, she said, but Soviet prisoners form a ring of steel about it, leaving slave laborers to move in comparative freedom in the guarded zone. More than 80 per cent of the workers at Workuta are Ukrainians, she added.

MERCHANTS SAY 1953 BUSINESS WAS 'BEST EVER'

The year nineteen hundred and fifty-three was described by local merchants today as "one of the best ever."

Not only was it "as good as 1952" as most reported, but for many "it was the best year in our history."

One merchant estimated his own business, and the business of others in his line, as "at least ten per cent better than 1952, and 1952 was the best year we had up to that time."

Another merchant, who caters mostly to the tourist trade, said that "1953 was just as good a year as 1952. In fact, one month my profit was within 23 cents of the amount of profit made for the same month in 1952. I would say that 1953 was a repetition of the very successful 1952."

Most of those interviewed said they "had a good year," or "the best ever" and added their observation that business in general had been "good" in 1953 throughout the community.

Business Good Generally

Several of those interviewed held that while "there had been some spotty moments, summed up, the year was a good one, as far as business was concerned." One said, "There were periods when I had expected more business and got less; there were times when I had expected less business and got more."

The only "off" note among those interviewed came from an auto dealer who said that "while the year as a whole was good, as good as 1952, the last two months saw a bad drop in the used car field." He added that "we can still sell new cars as fast as we can get them, however."

To a certain extent, auto dealers said, the current drop off in used auto sales is normally seasonal. However, they added, the fact that new car production is finally reaching a point where it is meeting the demand for vehicles is depressing the used car market generally.

Mild Weather Hurt

The weather caused a dip in the sales of such things as rubber boots and galoshes, merchants engaged in shoe sales said, but most felt that business "was at least almost as good as last year."

A local banker declared that all evidence shows the community to have had "a very good year," one of its best if not the best in history. The banker's viewpoint covered the general financial picture for the whole community, rather

Murder And Violent Deaths Commonplace In Red Prisons

BERLIN (AP)—To Americans released by the Russians after years of imprisonment and forced labor said today Soviet detention camps are "hell holes" where murder and violent deaths are commonplace.

Leland Towers, 28, a merchant seaman from San Francisco, told a news conference he had been a card-carrying Communist "but never again."

Pvt. Homer Cox of Oklahoma City, Okla., said he was blown off the aircraft carrier Yorktown before the Japanese sank her in 1942 "and that was a picnic" compared to the Russian work camps.

The two men were turned over to the Americans in Berlin two days ago, as a result of negotiation and Moscow.

Towers said he had tried to go to the Soviet Union to see what the main spring of communism was like and had been refused a visa. Then, he explained, he crossed into Russia over the Finnish border in 1951 and was arrested, convicted and sentenced to three years "for breaking in."

Yank Was Drugged
Ex-sailor Cox, a military policeman in West Berlin, said he was apparently "drugged" in a cafe the night of Sept. 5, 1949, and when he awoke he was in Russian hands.

Some Wind!

BURLINGTON, Wis. (AP)—Bee McIntyre, Richmond, Va., a liar with a penchant for detail, was named today by the Burlington Liars Club as World's Champion Liar for 1953.

He won with this tall tale: "The strongest wind I ever heard hit our place last summer, along with a slam-bang thunderstorm. The wind was so strong that it picked up our cast-iron wash kettle about three feet across and about two feet deep and blew it out of the country."

"And the wind blew that kettle so fast that while it was sailing across our front yard the lightning struck at it five times—and missed."

McIntyre succeeds a Texan, Harry V. Cummings of Dallas, who took the 1952 honors with a tale about mosquitoes he encountered in Korea. Although they were six feet tall they decided to devour him on the spot because they feared that "if we carry him home the big mosquitoes will take him away from us."

Here And There

News Collected At Random

Driving with children in the car necessitates extra precautions on the part of the driver. There are many dangers but these can be easily avoided by following a few sensible suggestions, such as the following:

Never leave children unsupervised in a car, even though it's "just for a minute." Never leave the motor running while parked. Take your keys with you.

Never start a car until you know—not just think, but know—that no children are in the way, front or back.

Don't allow children to stand up while riding. Teach them to sit still.

Don't allow babies to be carried on someone's lap in the front seat. Place babies in the rear seat, or in a baby carrier.

Make sure your car doors are locked so children can't open them accidentally. Teach children to leave door handles alone.

If children start quarreling, pull off the road and stop before trying to settle things.

Don't permit children to lean or reach from car windows.

Teach children not to touch steering wheel, gear-shift lever, rearview mirror, or otherwise distract the driver while car is in motion.

Don't overload front passenger seat.

DECEMBER IS WARMEST HERE IN SEVEN YEARS

The warmest December in seven years went into the records today with a little more rainfall than usual.

But the excess of rainfall for this month left 1953 slightly more than two inches short of the 50-year average for rainfall in Gettysburg.

December's average temperature was 37.24 degrees which is 4.54 degrees above the normal average for December on the basis of records covering the last half century. Normal is 32.7 degrees. The month is the warmest December here since 1946 when the average daily temperature was 38.8 degrees.

The month lacked extreme temperatures. The mercury never got above 59 and dropped to 16 above zero on only one night. The average daily high reading was 45.29 degrees and the average low was 29.19 degrees.

Some Snow Flurries

The month did not get any measurable amounts of snow. There were flurries, a thunder shower early in the month, several dense fogs and high winds.

December's rainfall eased a four-month drought with a total of 3.95 inches which fell in eight weather days. Normal for December is 3.15 inches. Last year December got only 2.71 inches.

The December rains brought the 1953 total to 30.43 inches, a shortage of 2.08 inches for the year. The heavy spring rains had built up a large surplus that was offset by the dry summer and fall. Normal rainfall in Gettysburg is 41.5 inches on the basis of 50-year figures.

The year ending today is the driest here since 1947.

MERCHANTS SAY 1953 BUSINESS WAS 'BEST EVER'

The year nineteen hundred and fifty-three was described by local merchants today as "one of the best ever."

Not only was it "as good as 1952" as most reported, but for many "it was the best year in our history."

One merchant estimated his own business, and the business of others in his line, as "at least ten per cent better than 1952, and 1952 was the best year we had up to that time."

Another merchant, who caters mostly to the tourist trade, said that "1953 was just as good a year as 1952. In fact, one month my profit was within 23 cents of the amount of profit made for the same month in 1952. I would say that 1953 was a repetition of the very successful 1952."

Most of those interviewed said they "had a good year," or "the best ever" and added their observation that business in general had been "good" in 1953 throughout the community.

Business Good Generally

Several of those interviewed held that while "there had been some spotty moments, summed up, the year was a good one, as far as business was concerned." One said, "There were periods when I had expected more business and got less; there were times when I had expected less business and got more."

The only "off" note among those interviewed came from an auto dealer who said that "while the year as a whole was good, as good as 1952, the last two months saw a bad drop in the used car field." He added that "we can still sell new cars as fast as we can get them, however."

To a certain extent, auto dealers said, the current drop off in used auto sales is normally seasonal. However, they added, the fact that new car production is finally reaching a point where it is meeting the demand for vehicles is depressing the used car market generally.

Mild Weather Hurts

The weather caused a dip in the sales of such things as rubber boots and galoshes, merchants engaged in shoe sales said, but most felt that business "was at least almost as good as last year."

A local banker declared that all evidence shows the community to have had "a very good year," one of its best if not the best in history. The banker's viewpoint covered the general financial picture for the whole community, rather (Continued on Page 2)

Murder And Violent Deaths Commonplace In Red Prisons

BERLIN (AP)—To Americans released by the Russians after years of imprisonment and forced labor said today Soviet detention camps are "hell holes" where murder and violent death are commonplace.

Leland Towers, 28, a merchant seaman from San Francisco, told a news conference he had been a card-carrying Communist "but never again."

Pvt. Homer Cox of Oklahoma City, Okla., said he was blown off the aircraft carrier Yorktown before the Japanese sank her in 1942 "and that was a picnic" compared to the Russian work camps. The two men were turned over to the Americans in Berlin two days ago, as a result of negotiations and Moscow.

Towers said he had tried to go to the Soviet Union to see what the main spring of communism was like and had been refused a visa. Then, he explained, he crossed into Russia over the Finnish border in 1951 and was arrested, convicted and sentenced to three years "for breaking in."

Yank Was Drugged
Ex-sailor Cox, a military policeman in West Berlin, said he was apparently "drugged" in a cafe the night of Sept. 5, 1949, and when he awoke he was in Russian hands.

Some Wind!

BURLINGTON, Wis. (AP)—Bee McIntyre, Richmond, Va., a liar with a penchant for detail, was named today by the Burlington Liars Club as World's Champion Liar for 1953.

He won with this tall tale: "The strongest wind I ever heard hit our place last summer, along with a slam-bang thunderstorm. The wind was so strong that it picked up our cast-iron wash kettle about three feet across and about two feet deep and blew it out of the country. "And the wind blew that kettle so fast that while it was sailing across our front yard the lightning struck at it five times—and missed."

McIntyre succeeds a Texan, Harry V. Cummings of Dallas, who took the 1952 honors with a tale about mosquitoes he encountered in Korea. Although they were six feet tall they decided to devour him on the spot because they feared that "if we carry him home the big mosquitoes will take him away from us."

Here And There News Collected At Random

Driving with children in the car necessitates extra precautions on the part of the driver. There are many dangers but these can be easily avoided by following a few sensible suggestions, such as the following:

Never leave children unsupervised in a car, even though it's "just for a minute." Never leave the motor running while parked. Take your keys with you.

Never start a car until you know—not just think, but know—that no children are in the way, front or back.

Don't allow children to stand up while riding. Teach them to sit still.

Don't allow babies to be carried on someone's lap in the front seat. Place babies in the rear seat, or in a baby carrier.

Make sure your car doors are locked so children can't open them accidentally. Teach children to leave door handles alone.

If children start quarreling, pull off the road and stop before trying to settle things.

Don't permit children to lean or reach from car windows.

Teach children not to touch steering wheel, gear-shift lever, rearview mirror, or otherwise distract the driver while car is in motion.

Don't overload front passenger seat.

DECEMBER IS WARMEST HERE IN SEVEN YEARS

The warmest December in seven years went into the records today with a little more rainfall than usual.

But the excess of rainfall for this month left 1953 slightly more than two inches short of the 50-year average for rainfall in Gettysburg.

December's average temperature was 37.24 degrees which is 4.54 degrees above the normal average for December on the basis of records covering the last half century. Normal is 32.7 degrees. The month is the warmest December here since 1946 when the average daily temperature was 38.8 degrees.

The month lacked extreme temperatures. The mercury never got above 59 and dropped to 16 above zero on only one night. The average daily high reading was 45.29 degrees and the average low was 29.19 degrees.

Some Snow Flurries
The month did not get any measurable amounts of snow. There were flurries, a thunder shower early in the month, several dense fogs and high winds.

December's rainfall eased a four-month drought with a total of 3.95 inches which fell in eight weather days. Normal for December is 3.15 inches. Last year December got only 2.71 inches.

The December rains brought the 1953 total to 39.43 inches, a shortage of 2.09 inches for the year. The heavy spring rains had built up a large surplus that was offset by the dry summer and fall. Normal rainfall in Gettysburg is 41.5 inches on the basis of 50-year figures.

The year ending today is the driest here since 1947.

PARKING UNIT IS INVOLVED IN POLITICAL FUSS

PHILADELPHIA (AP)—The Philadelphia Parking Authority, which a week ago dedicated its first completed building—a 2½ million dollar, five level garage in an area of security and achievement, today was embroiled in a political hassle.

Authority Chairman Francis J. Chesterman resigned Monday with a verbal blast at Mayor Joseph S. Clark Jr. He accused Clark of yielding to Democratic organization pressure in treating the authority as a "political plum."

Clark in turn lashed out at Chesterman's handling of the authority and the part played by the law firm of J. Harry LaBum, which was counsel for the authority from its inception in 1950 until Dec. 31, 1952.

Clark said he was "shocked" over legal fees paid to LaBum's

firm. He said LaBum, who is also president of the Chamber of Commerce of Greater Philadelphia, had been "secretly" paid \$75,000 in legal fees by the parking authority.

Got \$5,000 Raise
The Democratic mayor claimed that LaBum, learning of a contemplated change in the authority staff, drew up a new three-year contract for Howard Scott as executive director and raised his salary from \$10,000 to \$15,000.

Chesterman, Clark said, signed the contract "without any act of authorization by the board," and in addition, Scott, former Republican deputy city treasurer, sought to "give the contract quasi-legality" by asking Clement V. Conole, board secretary, to attest Chesterman's signature. Conole refused the mayor said.

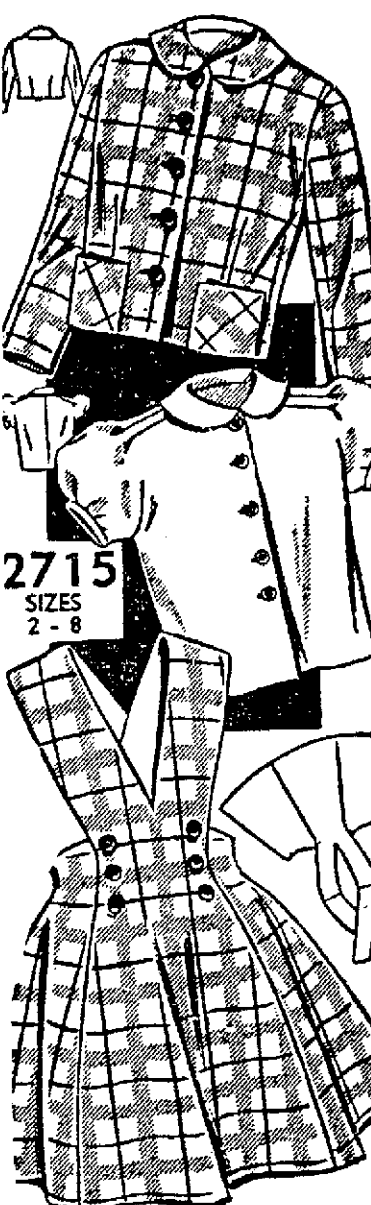

Legal Fees Not Secret

Both Scott and Chesterman declined immediate comment.

LaBum, who described himself as an "independent Republican," vigorously denied Clark's charges and accused the mayor of using "Russian tactics of the big smear and the big lie."

There was nothing secret about the legal fees paid his law firm,

LaBum said. They were approved by the board and the information was available to anyone who checked.

"It's typical of Mayor Clark," LaBum added; "that he never looks for the facts."

The attorney said his office drew up the Scott contract as "directed by the parking authority" and the board approved it.

Clark, in his statement, denied political considerations in his four appointees to the board. He said they were decided upon "without prior consultation with the Democratic city chairman" and that none of the four was recommended by any Democratic organization leader.

Cites Political Faith

He listed the four as: Paul C. Wagner, vice president of the Fidelity-Philadelphia Trust Co. and a "lifelong Republican;" former Procurement Commissioner Charles H. Frazier, a registered Democrat with no organization ties; William D. Teely, who recently resigned as treasurer of the Democratic City Committee; and Melvin Fox, a motion picture executive and an independent Democrat.

Chesterman last year headed a research group which made recommendations to the State Legislature on reorganization of the commonwealth's administrative structure.

From 1940 to 1950 the proportion of men in the U. S. population who were married increased from about 62 to about 67 per cent.

SEES EXCITING SESSION IN '54

WASHINGTON (AP)—Sen. Russell (D-Ga.) today termed "an excellent idea" President Eisenhower's plan to give an advance outline of his 1954 program to key Democrats, but the senator made plain he will not pledge blanket support.

And Russell, the unofficial leader of a powerful group of Southern Democrats in the Senate, noted in an interview that the almost equal division of Congress in effect gives Democrats a potential veto power over anything the President requests.

"There always is politics in Congress during a campaign year under our Democratic system," Russell said. "We'll have an exciting session."

Russell is one of the top Democratic congressional leaders invited by Eisenhower to hear a White House preview of his State of the Union message Jan. 5, two days before it is presented publicly to Congress. Congress convenes Jan. 6.

In 1900 only two per cent of the total U. S. population lived in California compared to seven per cent in 1950.

NEW UNIVERSAL PENSION PLAN NOT LIKELY TO PASS CONGRESS

By CHARLES F. BARRETT
WASHINGTON (AP)—Rep. Kean (R-N.J.) predicted today neither the Eisenhower administration nor Congress will adopt a key Republican colleague's plan to pay social security pensions to almost everyone over 65.

Rep. Carl T. Curtis (R-Nebr.), chairman of a social security subcommittee of the House Ways and Means Committee, outlined the far-reaching new program yesterday. It seemed destined for heated controversy when Congress convenes next week.

Kean, fourth-ranking Republican on the Ways and Means Committee, has been an Eisenhower supporter and has taken a special interest in social security. He said Curtis' plan would undermine the social security trust fund.

Would Boost Amount
Curtis called in effect for pensions now for all retired persons over 65 years old, and for an increase in the monthly minimum social security benefit from the present \$25 to \$45.

He estimated this would add some five million new aged persons, 670,000 children and 150,000 widows or orphans to the old age retirement and survivors' insurance (OASI) benefit rolls, more than doubling the present number.

Curtis said the new minimum would increase benefits for more than 1,700,000 aged persons, 300,000 orphans and 100,000 widows already on the rolls.

Would End Present Plan

He called for tax contributions from all workers under 65, levied on all types of income. He would let the rate jump from 1½ to 2 per cent in incomes up to \$3,600 annually, paid by workers and employers alike, as scheduled Friday.

He estimated this would bring more than 10½ million doctors, lawyers, farmers and others from the present working force into the system.

His universal pension plan would end the present dual program of aid to the aged. The OASI program provides retirement or death benefits based on contributions from workers and employers.

Would Aid GOP Plan

A separate program has provided more than one billion dollars annually in federal welfare grants to some 2½ million aged and dependent children, based on their need. State and local governments also contribute to this program and administer it locally.

Curtis would abolish the federal portion of this program, but state and local governments could provide welfare payments to the needy if they wished.

Since the welfare program is included in the regular federal budget, while social security trust fund operations are not, this would give a billion-dollar boost to the GOP drive to balance the regular federal budget.

LEINHARDT BROS. present HANOVER OF LONG AGO

TRAIN IN WHICH PRESIDENT ABRAHAM LINCOLN RODE FROM HANOVER JUNCTION TO GETTYSBURG IN NOVEMBER, 1863

The picture was taken at Emory Grove shortly after it had carried its distinguished passenger. The train crew were all Hanoverians. The conductor was John Eckert, who resided in a one-story frame house which stood at the corner of Frederick Street and Centennial Avenue. The president presented Mr. Eckert with a watch which he carried as long as he lived and passed it on to his son, the late Grant Eckert, also a conductor.

In 1863 this was the Hanover Branch Railroad Company. Capt. A. W. Eichelberger was the president and the directors included Jacob Forney, William Grumbine, John Newman, Peter Flickinger, Jacob Wirt and John Jenkins. Other well-known citizens connected with the railroad about this time or later were John J. Bingley, master mechanic; Charles Harman, machinist; Jacob Bange, painter, and Joseph Leib, passenger agent. The railroad owned three locomotives and made two trips daily from Hanover Junction to Gettysburg. Later the railroad was taken over by the Western Maryland.

NEW STARLET MAY EFFECT '54 DE-EMPHASIS ON BODY CONTOURS

By VIVIAN BROWN
AP Newsfeatures Writer

What'll it be—curves or straight-aways?
That's the poser on feminine glamor for 1954.
Will the queen of glamor girls, Marilyn Monroe, be dethroned in favor of a mere film starlet, boyish Audrey Hepburn, 24, who has made only one Hollywood movie, and is now working on her second, "Sabrina Fair?"

Some say it is a foregone conclusion.
Reversal of Form
The highly-touted new movie finds lacks some of the conventional requirements thought to be absolutely essential to Hollywood box-office appeal—a voluptuous figure and a dumb baby stare. (Marilyn, for instance, is 5'5" tall with a 37-in. bust, 23½-in. waist and 37½-in. hips.) As a matter of fact, Audrey is pretty lean in spots—her hip and bust measurements are secret although Paramount Studios says she is a size 10, 5 ft. 7½ in. tall with a 20-in. waist.) And she is bright. These two unglamorous qualities alone should put her behind the Hollywood eight-ball.

But don't let it fool you. Her own magic potion for bewitching the male sex casts a lovely spell. Says Mark Shaw, who photographed her for two weeks in hundreds of poses for a national magazine: "Audrey is most intriguingly childish, adult, feminine tomboy, I've ever photographed."

Inner Beauty
Shaw, still lost in a maze of contradictory superlatives, says she's "many women wrapped up in one" and it is difficult to be more definite about her attributes.
Model agent John Robert Powers sees Audrey's success due to the "You" or natural look, which is real, rather than the superficial appeal offered by Hollywood's more voluptuous beauties. Says Powers: "Glamor girls such as Monroe are the kind of girls men think about as dates, not as an institution. Girls like Hepburn or Maggie McNamara or Leslie Caron, who also has the pixie-type of appeal are always snaring a man's fancy in their own quiet way. They don't flaunt their charms. It's about time Hollywood realized the potential of that kind of allure."

No New Trend
Hollywood's new enigma's lack of curves should not start a trend to the boyish form, however, according to Fletcher D. Dodge, president of the Corset and Brassiere Association. He says: "Women will continue to make the most of their natural proportions whether they are slender or full-figured, regardless of what Hollywood portrays as glamor."
But supposing boyish figures do become a fad—what will our glamor-girl illustrators do?
AP illustrator Jay Alan, who draws voluptuous looking damsels for a cartoon called "Modest Maidens," says: "Illustrators change hairdos, clothes and accessories that are possible to change when a new fad or cycle hits. But it would be disastrous to shelve feminine curves. Most men still like to see the feminine form sketched the way they visualize it—revealing curves in scanty attire."

Flapper Era Charms
Alan recalls that even during the flapper era John Held, left with nothing more of the form divine than a pair of legs, capitalized on that one asset. He drew gams that were so sexy and curvaceous in spite of boyish bobs and flat chests.

Pretty legs and a beautiful torso are necessary enchantments from the artist's pen. Sex appeal can be furthered, too, by seductive looking tresses.
Hairdresser Victor Vito thinks that Hepburn's hair is perfect for her type, lending further to her charm. Says he: "She has the type of allure that can wear the simplest, most casual coiffure. She is typical of the ever-popular girls whose charms are not flamboyant. But, occasionally, there is a glamor interlude—Jean Harlow, Jane Russell, Betty Grabe, Rita Hayworth, Lana Turner, Marilyn Monroe."

Refuses To Serve On Ike's Committee

WASHINGTON (AP)—The CIO's research and education director, Stanley H. Ruttenberg, has refused appointment by President Eisenhower to an advisory board for the Point Four overseas technical aid program.

In a letter he made public last night, Ruttenberg told the President it was "inconceivable" that he should first hear of his appointment through the newspapers, and he added:

"It is also inconceivable to me that any labor person... could accept an appointment to any board under the supervision of Mr. (Harold E.) Stassen's Foreign Operations Administration in view of Mr. Stassen's declination of the labor operation and functions in that agency."

Big, Gay Celebrations And Church Services To Meet '54

By THE ASSOCIATED PRESS
The gayest and biggest New Year's Eve celebrations since the end of World War II were in prospect in many of the great cities of the world tonight—sparked by the hope that perhaps peace will have a better chance in 1954.

In Moscow, the sales of champagne tripled in comparison to last year's holiday period. And from New York to San Francisco, theaters and night clubs expected the greatest crowds of the postwar years.

Along with the hoop-la, many planned to gather in churches for watch night services bidding farewell to the old year and praying for the peace, health and prosperity that 1953 did not assure.

And as America planned to go forth for its usual jolliment, the National Safety Council broadcast its usual grim reminder. It predicted a possible 360 highway fatalities for the nation's three-day holiday weekend.

President Eisenhower will attend a small celebration at the clubhouse of the Augusta, Ga., National Golf Club, adjacent to the holiday White House. But he'll go to work early on New Year's Day on his State of the Union message to Congress.

'MAN OF YEAR' AWARD TO IKE

By SHERRY BOWEN
The Associated Press
Dwight D. Eisenhower, first Republican president since 1933, is Man of the Year.

News and radio editors in the annual Associated Press poll voted him the title overwhelmingly for the second successive year. His nearest competitor, Sen. Joseph McCarthy of Wisconsin, got less than a third as many votes.

Leading Allied forces to victory in Europe, he was also high in the news rating. He won the title "Man of War" in 1944 and topped military leaders in 1945.

Ocupies White House
This year he moved into the White House in January. His position and policies have kept him steadily in the news ever since.

Early in the year the wisecrack that Eisenhower's cabinet was composed of "eight millionaires and a plumber" was widely current. Later the plumber, Martin P. Durkin, quit as secretary of labor.

His administration claims credit for the Korean truce, for curtailing government controls on business, simplifying customs regulations, planning extension of social security, extending the battle against racial discrimination, simplifying government operations for economy in government and promoting a bipartisan international policy.

Often Criticized
In a drumfire of Democratic criticism, the headlines were not always favorable. He often was urged to repudiate "McCarthyism." The criticism was no less bitter because many Americans were ardent backers of McCarthy's methods, as reflected in his second-place ranking by editors.

He flew from a Big Three meeting in Bermuda to make a plea for use of the atom for peaceful purposes in an address to the U.N. General Assembly in New York City, December 8.

He proposed that Russia and other atomic powers immediately create an international agency for the development of the atom for peace. The speech was widely hailed in the capitals of the free world. Russia countered with a demand for disarmament first.

Reserve Decision In Deportation Action

NEWARK, N. J. (AP)—Decision has been reserved in a hearing on denaturalization proceedings against notorious Albert Anastasia, who rested his case without testifying in his defense.

In reserving decision yesterday, Federal Judge William F. Smith ordered Anastasia's counsel to file an additional brief within 20 days, and the government to file an answering brief 10 days later.

Anastasia, reputed "lord high executioner" of the old Murder, Inc., mob, had been scheduled to take the stand yesterday. The government presented its case on Tuesday, contending that Anastasia obtained his 1943 citizenship by fraud and that he entered the illegally in 1917.

Instead of Anastasia testifying yesterday, his lawyer submitted to the court documentary evidence on his client's behalf.

Inscribed "Elizabeth R. and the Duke of Edinburgh," and relatives of the victims. So far, 119 bodies have been recovered from the wreckage. Seventeen were still missing at the latest count.

After lunch with Holland, the Duke flew to Watmore to rejoin Queen Elizabeth. They were to celebrate New Year's Eve at a government hostel at the Watmore caves. The evening program called for a visit to the noted glowworm grotto by boat on an underground river.

Parades Scheduled
Elsewhere in the United States traditional parades were in the offing. Miami, Fla., prepared for one tonight—the 20th annual Orange Jamboree.

Philadelphia Mummers also were getting ready for their annual march in comic dress tomorrow down historic Broad street. Across the continent, finishing touches were put on 59 flower-decked floats for the annual New Year's Day Tournament of Roses Review. The theme this year—Famous Books in Flowers.

Some 412,000 American sports fans already had paid an estimated \$1,729,000 to watch nine football "bowl" games on New Year's Day. The daddy of them all—Pasadena's Rose Bowl—was due to draw the biggest crowd—just over 100,000—to see Michigan State meet UCLA.

ever now, although I still think there is plenty of room for improvement in the capitalist world." Tall, glib and intense, Towers declined details of his experience in Russia. Asked if he had in mind some "capitalistic instinct" for selling his story later, he grinned sheepishly and said: "You're getting warm."

Won't Be Red Again
Asked whether he would be a Communist again, Towers replied: "Good God, No."

Th Russian handling of their Communist state is "complete chaos," he said. He plans to visit Spain and Yugoslavia, before going back to the United States, he said, "if that is possible."

Cox told the news conference he wants to remain in the Army. Now 33, he has been in the armed forces since he was 18, first in the Navy and then in the Army since 1945.

Towers' case is in the hand of the U. S. consul here. He had lived in Stockholm for two years before he tried to crash the Iron Curtain.

Probe Cox Case
The Army is investigating the case of Cox, who has been carried on the rolls as absent without leave but not as a deserter. Officers indicated that the soldier has told a straight story and he most likely would be restored to active duty.

After the news conference, both men were interviewed for television. Cox said for the TV cameras that he had forgotten to tell the press conference about three other Americans he saw in Wokuta. He identified them as George Green, about 37, of Hollywood, Calif., a former United Press correspondent in Moscow, and his sister whose name he did not know; Jack Hural, son of a dental technician in Beverly Hills, Calif.

than being confined to any particular field of business.
One leading businessman held that 1954 will be "just as good as 1953," claiming that he could see nothing at the present time that would depress the general economic outlook. He asserted that "many businesses have already gone through a recession that squeezed the water out, and they are now in better shape than before. We seem to be having generally, on a national scale, a business by business recession. And as long as it stays that way there can be no general depression. As long as business nationally is good, business locally will be good."

Good Fruit Business
"In addition our fruit industry locally should be in good shape. Processors sold everything they could can. Local industries seem to be in good shape and should continue so throughout the coming year. As far as Gettysburg is concerned, the location of the Fairfield Shoe Company just outside of town should bring more money here. Letterkenny, Mechanicsburg Depot and other armed force centers where many of our people are employed should continue active through the coming year. Prices of many articles may decline slightly during the coming year, which would permit an even larger volume of business in the stores. So there is a possibility that 1954 may be even better, locally, than 1953."

Gaining In Battle With Forest Fires

LOS ANGELES (AP)—Firefighters were winning their battle today against two forest blazes which have caused an estimated six and one-half million dollars damage to the watershed in the San Gabriel mountains.
Observatory and television installations atop Mt. Wilson, threatened several times since fire broke out Sunday on Monrovia peak, appeared to be safe, rangers said.
Richard Johnson, U.S. Forest Service fire prevention officer, said crews hope to have the blaze under control tomorrow, unless the wind rises.
He also said the second fire, 20 miles east in the Mt. Baldy region, might be controlled today under the same condition.

UNCLE SAM TO
GIVE NEW YEAR
PRESENT FRIDAY

WASHINGTON (AP)—Uncle Sam presents a New Year's gift tomorrow to more than 50 million individuals and 50,000 corporations—the first general tax cuts in five years.

Starting tomorrow, these three big changes will give a new look to the government's revenue structures:

1. Individual income tax rates will drop about 10 per cent for all except the highest brackets, chopping three billion dollars annually off federal revenue.
2. The excess profits tax on corporations will expire, reducing government income about two billion dollars annually.
3. The social security payroll tax, levied on both employees and employers, will go up from 1½ to 2 per cent. It is collected on the first \$3,600 paid annually to a worker. That will increase income to the special social security trust fund by almost 1½ billions annually.

5TH MARRIAGE
FOR BARBARA
TO PLAYBOY

NEW YORK (AP)—Heiress Barbara Hutton was married yesterday to Porfirio Rubirosa, international playboy and Dominican Republic diplomat. It was her fifth marriage and his fourth.

A 10-minute civil ceremony, conducted in Spanish and English, ended several days of speculation that the marriage might be called off.

Bride Was Nervous

The slim, pale, 41-year-old bride was all smiles as the wedding rites began, but toward the end she became visibly nervous. Rubirosa, 45, tall, handsome and composed, put a comforting arm around her.

The marriage was performed by Dr. Joaquin Salazar, Dominican consul general, in his Park avenue apartment.

The bride, in a black taffeta dress, contrasting with her blonde hair, was attended by her 17-year-old son, Lance Reventlow, her only child.

Rubirosa's best man was Maj. Gen. Rafael Trujillo Martinez, head of the Dominican air force and onetime brother-in-law of the bridegroom.

Rubirosa previously was married to Flor Trujillo, daughter of the Dominican Republic's first family; French actress Danielle Darrieux; and Doris Duke, heiress to a U.S. tobacco fortune.

Miss Hutton, known for more than 20 years as the dime-store heiress, formerly was married to the late Prince Alexis Mdivani; Count Kurt von Haugwitz-Reventlow; actor Cary Grant; and Prince Igor Troubetzkoy.

Mom Asks Help:
Pop's Under Bed

CAMDEN, N. J. (AP)—A Camden mother's request for additional aid for her four small children has turned up the husband who allegedly "deserted" her.

In fact, said two county detectives yesterday in Municipal Court, they found the husband, Jeremiah Allen, 41, hiding under a bed in the woman's home when they went there to investigate her request.

Allen was taken into custody on a 1951 indictment for desertion and nonsupport and committed to jail without bail. His wife, Vera, was arrested on charges of fraudulent receiving \$3,441 in child welfare benefits. A welfare official said that when Mrs. Allen applied for relief in 1951 she signed an affidavit that her husband had deserted her.

Detectives said Allen told them he has been earning between \$75 and \$85 a week at a building materials firm and paid his wife \$45 a week to run their home.

SEN. KNOWLAND
SPLITS WITH IKE
ON PLAN TO AID
UNEMPLOYMENT

By ROWLAND EVANS JR.
WASHINGTON (AP)—Disagreement has broken out between President Eisenhower and his chief lieutenant in the Senate, Sen. Knowland of California, over a new Administration program to combat unemployment.

Just a week before the opening of Congress next Wednesday, Knowland called the new policy a disappointment and said he would back legislation to modify it. He took that position in the face of Eisenhower's statement two days ago declaring "complete agreement" with the policy.

Whether the disagreement would affect Knowland's attitude toward other White House policies could not be foretold.

Steer Government Work

The policy is designed to steer some government defense contracts into areas plagued by large scale unemployment.

Southern Democrats voiced bitter outcries of protest over the program, similar to one put into effect by the Truman Administration in 1952 and dropped last August.

Sen. Maybank (D-SC) said in a statement today he would "introduce legislation the very first instance I can" to prevent the program from being carried out.

Democratic Warning

But even if Congress should block or drastically curb the program, there remained the facts of Knowland's unequivocal opposition to it and the as yet unappreciated effect the incident might have on Democratic support for Eisenhower's legislative program.

Sen. Sparkman (D-Ala) said the President seemed to be "doing everything in his power calculated to drive the Democrats away from giving him support on his program." Actually, a few Northern Democrats praised the unemployment move; the opposition was concentrated in the South.

Southern Democrats have also condemned the policy on grounds it deprives the Southern textile industry of government contracts and places them in New England towns hard hit by unemployment.

Knowland told a news conference late yesterday the order "needs curtailment" and "leaves the door open too wide" for government orders to be set aside from normal procurement methods and channelled into jobless areas.

Wanted Low Bidder

Last summer, during Senate debate on the issue, he favored an amendment which would have forbidden the letting of government contracts to anyone other than the lowest bidder. He did not say yesterday whether he would go that far now.

Observers could not immediately recall an instance when a majority leader, on the eve of a new Congressional session, had taken public issue with his President on an Administration policy and sided with a powerful segment of the opposition party.

Democrats outnumber Republicans, 48 to 47, in the Senate. The 96th seat is held by Sen. Morse of Oregon, an independent. Thus Eisenhower must have some Democratic votes in the Senate on almost anything he proposes.

Since 1949 golfers Jimmy Demaret, Sam Snead and Ben Hogan each have won two Masters tournaments. Demaret also won in 1940.

The ships, the 19,000-ton Atlantic Engineer and the 10,600-ton Atlantic Refining Co., arrived at the company's docks here last night. Only U.S. Coast Guard and company officials were permitted aboard.

NEW STARLET MAY EFFECT '54 DE-EMPHASIS ON BODY CONTOURS

By VIVIAN BROWN
AP Newsfeatures Writer

What'll it be—curves or straight-aways?
That's the poser on feminine glamor for 1954.
Will the queen of glamor girls, Marilyn Monroe, be dethroned in favor of a mere film starlet, boyish Audrey Hepburn, 24, who has made only one Hollywood movie, and is now working on her second, "Sabrina Fair?"
Some say it is a foregone conclusion.

Reversal of Form
The highly-touted new movie and lacks some of the conventional requirements thought to be absolutely essential to Hollywood box-office appeal—a voluptuous figure and a dumb baby stare. (Marilyn, for instance, is 5'5" tall with a 37-in. bust, 23½-in. waist and 37½-in. hips.) As a matter of fact, Audrey is pretty lean in spots—her hip and bust measurements are secret although Paramount Studios says she is a size 10, 5 ft. 7½ in. tall with a 20-in. waist. And she is bright. These two unglamorous qualities alone should put her behind the Hollywood eight-ball.

But don't let it fool you. Her own magic potion for bewitching the male sex casts a lovely spell. Says Mark Shaw, who photographed her for two weeks in hundreds of poses for a national magazine: "Audrey is most intriguingly childish, adult, feminine tomboy, I've ever photographed."

Inner Beauty
Shaw, still lost in a maze of contradictory superlatives, says she's "many women wrapped up in one" and it is difficult to be more definite about her attributes.
Model agent John Robert Powers sees Audrey's success due to the "You" or natural look, which is real, rather than the superficial appeal offered by Hollywood's more voluptuous beauties. Says Powers: "Glamor girls such as Monroe are the kind of girls men think about as dates, not as an institution. Girls like Hepburn or Maggie McNamara or Leslie Caron, who also has the pixie-type of appeal are always snaring a man's fancy in their own quiet way. They don't flaunt their charms. It's about time Hollywood realized the potential of that kind of allure."

No New Trend
Hollywood's new enigma's lack of curves should not start a trend to the boyish form, however, according to Fletcher D. Dodge, president of the Corset and Brassiere Association. He says: "Women will continue to make the most of their natural proportions whether they are slender or full-figured, regardless of what Hollywood portrays as glamor."
But supposing boyish figures do become a fad—what will our glamor-girl illustrators do?
AP illustrator Jay Alan, who draws voluptuous looking damsels for a cartoon called "Modest Maidens," says:
"Illustrators change hairdos, clothes and accessories that are possible to change when a new fad or cycle hits. But it would be disastrous to shelve feminine curves. Most men still like to see the feminine form sketched the way they visualize it—revealing curves in scanty attire."

Flapper Era Charms
Alan recalls that even during the flapper era John Held, left with nothing more of the form divine than a pair of legs, capitalized on that one asset. He drew dams that were so sexy and curvaceous in spite of boyish bobs and flat chests.
Pretty legs and a beautiful torso are necessary enchantments from the artist's pen. Sex appeal can be furthered, too, by seductive looking tresses.
Hairdresser Virgil Viro thinks that Hepburn's latest effect for her type, lending further to her charm. Says he:
"She has the type of allure that can wear the simplest, most casual coiffure. She is typical of the ever-popular girls whose charms are not flamboyant. But, occasionally, there is a glamor interlude—Jean Harlow, Jane Russell, Betty Grable, Rita Hayworth, Lana Turner, Marilyn Monroe."
"These girls are the kind of thing that men want. They are the kind of thing that men want. They are the kind of thing that men want."

'MAN OF YEAR' AWARD TO IKE

By SHERRY BOWEN
The Associated Press

Dwight D. Eisenhower, first Republican president since 1933, is Man of the Year.

News and radio editors in the annual Associated Press poll voted him the title overwhelmingly for the second successive year. His nearest competitor, Sen. Joseph McCarthy of Wisconsin, got less than a third as many votes.

Leading Allied forces to victory in Europe, he was also high in the news rating. He won the title "Man of War" in 1944 and topped military leaders in 1945.

Occupies White House
This year he moved into the White House in January. His position and policies have kept him steadily in the news ever since.

Early in the year the wisecracker that Eisenhower's cabinet was composed of "eight millionaires and a plumber" was widely current. Later the plumber, Martin P. Durkin, quit as secretary of labor.

His administration claims credit for the Korean truce, for curtailing government controls on business, simplifying customs regulations, planning extension of social security, extending the battle against racial discrimination, simplifying government operations for economy in government and promoting a bipartisan international policy.

Often Criticized
In a drumfire of Democratic criticism, the headlines were not always favorable. He often was urged to repudiate "McCarthyism." The criticism was no less bitter because many Americans were ardent backers of McCarthy's methods, as reflected in his second-place ranking by editors.

He flew from a Big Three meeting in Bermuda to make a plea for use of the atom for peaceful purposes in an address to the U.N. General Assembly in New York City, December 8.

He proposed that Russia and other atomic powers immediately create an international agency for the development of the atom for peace. The speech was widely hailed in the capitals of the free world. Russia countered with a demand for disarmament first.

Reserve Decision In Deportation Action
NEWARK, N. J. (P)—Decision has been reserved in a hearing on denaturalization proceedings against notorious Albert Anastasia, who rested his case without testifying in his defense.

In reserving decision yesterday, Federal Judge William F. Smith ordered Anastasia's counsel to file an additional brief within 20 days, and the government to file an answering brief 10 days later.

Anastasia, reputed "lord high executioner" of the old Murder, Inc., mob, had been scheduled to take the stand yesterday. The government presented its case on Tuesday, contending that Anastasia obtained his 1943 citizenship by fraud and that he entered the country illegally in 1917.

Instead of Anastasia testifying yesterday, his lawyer submitted to the court documentary evidence on his client's behalf.

Inscribed "Elizabeth R and the Duke of Edinburgh."
Later the Duke talked with relatives of the victims. So far, 119 bodies have been recovered from the wreckage. Seventeen were still missing at the latest count.

After lunch with Holland, the Duke flew to Waitomo to rejoin Queen Elizabeth. They were to celebrate New Year's Eve at a government hostel at the Waitomo caves. The evening program called for a visit to the noted glowworm grotto by boat on an underground river.

Today's Talk

By GEORGE MATTHEW ADAMS

YOU CAN!

What a lift it gives to any of us
to have some one else tell us that
we have powers within us that can
work wonders simply by putting
them to the test. Few people ever
push aside voluntary encouragement.
Within us all is there planted
a hunger for it, and it gets nourish-
ment merely by someone telling us
that we can.

I came across this paragraph in
the Meditations of Marcus Aurelius.
He said "Because your own
strength is unequal to the task, do
not assume that it is beyond the
powers of man; but if any thing is
within the powers and province
of man, believe that it is within
your own compass also."

I like that line someone has
said: "He can who THINKS he
can." That is the reason why so
many worthwhile things have been
done in this world — people have
believed that they could be done
and so went ahead and did them!
It would be a good plan to imagine
that some power whispered to us
those magic words—"YOU CAN"—
—so that we might learn to pass
Failure without paying any atten-
tion to it.

The beloved and talented Don
Marquis once wrote one of the most
inspiring poems I have ever read.
In it was the line "I am full of new
beginnings." People like that keep
going ahead. Those two words—
"YOU CAN"—hang over the portal
of their hearts. Discouraged at
times? Certainly. We all get that
way, but it has no permanence if a
new beginning is put to work.

YOU CAN! These are magic
words that can change the entire
outlook of one's life. I once read of
a man who took his dictionary and
inked out the word "failure." He
didn't want to know the meaning
of such a word. Cheers to him! It
has no place in the dictionary of
any of us.

When the late Henry Ford told
his engineers that he wanted an
eight cylinder engine forged into
one block, he was told it couldn't
be done. Every time he was told
this he promptly told them to go
ahead and do it anyway. It was
done!

Tomorrow Mr. Adams will talk
on the subject: "A Dog's Grave."

Just Folks

NEW YEAR'S EVE
Never mind the paper cap.
Never mind the baby's rattle.
I don't want a thing to clap
Or a bell designed for cattle.
All I want to greet the new year's
Just a kiss or two from you dears.

I don't want a horn to blow
Or those squeaky things that
stretch out.
I can let the old year go
Without gadgets some folks fetch
out.
All I ask to greet the new year's
Just a hug or two from you dears.

New Year's eve I'll be on hand
When the midnight bells are
ringing.
Quietly when you'll stand
Hoping good for all it's bringing.
My one wish throughout the new
year's:
Time will gently deal with you dears.

DEFENSE WORK PLAN PROMISES FIREWORKS IN NEXT CONGRESS

By ROWLAND EVANS JR.

WASHINGTON (AP) — An Eisen-
hower administration plan for fun-
neling more government defense
work into areas of large unemploy-
ment ran into a barrage of heavy
criticism from Southern Demo-
crats today, foreshadowing verbal
fireworks when Congress meets
next week.

Sen. Maybank (D-SC) accused
President Eisenhower of turning
his back on his campaign prom-
ises. Sen. Sparkman (D-Ala) and
Sen. Hill (D-Ala) said the pro-
gram, set forth again yesterday
at the Little White House at Augus-
ta, Ga., violated pledges made by
the GOP leadership in the Senate
last July.

And Sparkman declared it is not
true, as Presidential Press Secre-
tary James C. Hagerty said, that
"this is the first time a national
administration has tried to do
something" about chronic regional
unemployment.

Truman Had Plan

Sparkman said the Truman ad-
ministration had a "positive and
definite program" for cutting de-
fense contracts into areas of labor
surplus.

In August, Hagerty declined to
comment further when asked
about an official policy of the Tru-
man administration, put into effect
in 1952, to award defense contracts
to other than the low bidders in
an effort to counter unemployment
in some areas.

Hagerty also said the policy was
being announced for the first time,
so far as he knew. Actually, it had
been outlined in a memorandum
by Arthur S. Flemming, defense
mobilization director, last Nov. 4
and made public then. At that
time, Flemming named 17 large
and 22 smaller metropolitan areas
of chronic unemployment as eli-
gible for aid.

Some Obligations

In its essentials, the policy is
similar to that of the Truman ad-
ministration, abandoned last Aug-
ust, to give preference in the
award of defense contracts to
areas where there is considerable
unemployment.

Most criticism of it in the past
has come from Southerners who
argued that it would rob their tex-
tile mills, for example, of govern-
ment business which would be
steered to New England.

"Altogether a bad policy and one
I have never favored," Sen.
George (D-Ga.) said. "It's a great
mistake and will unbalance indus-
try everywhere."

Some Features Changed
On the other hand, Sen. Salton-
stall (R-Mass) said the provisions
for liberalized tax write-offs and
for setting aside a fixed percent-
age of some procurement for sur-
plus labor areas "are helpful as
far as they go, and I am happy
they have President Eisenhower's
support." Hagerty said as much
as 30 per cent of some procure-
ment items—army blankets, for
example—might be set aside.
But Saltonstall added in a state-

Teachers May Ask \$1,000 Pay Increase

HARRISBURG (AP) — Pennsylv-
ania's organized school teachers
want a \$1,000 annual salary in-
crease but have decided to let
its legislative committee draw up
specific demands.

Some 700 delegates to the Penn-
sylvania State Education Associa-
tion's annual convention adopted
two resolutions late Tuesday on
salaries.

One called for a \$1,000 salary
increase. The second proposed rais-
ing the minimum starting salary
from \$2,400 to \$3,600.

The association also elected Nor-
man C. Brillhart, Reading, as
president for the coming year and
heard Dr. Francis B. Haas, state
superintendent of public instruction
call for development of an educa-
tional program to attract more
teachers to the schools.

ment that the "abandonment of
the bid-matching procedure was a
blow to the program . . ."

He referred to a feature of the
Truman policy, not revived, which
permitted the government to ask
a contractor in a surplus labor
area with the most unemployment.
Other features include the encour-
agement of bids from qualified
contractors in areas of unemploy-
ment, and the encouragement of
subcontracts in such areas.

Maybank Statement

Hagerty said announcement of
the program was not prompted by
recent statements by some econ-
omists and Congress members that
the country is in a recession. Eisen-
hower's statement said he was in
"complete agreement" with the
anti-unemployment moves outlined
in November by Flemming.

Sen. Maybank, in a statement
released here, declared that Eisen-
hower had turned his back "on
campaign promises of state rights,
more freedom for private business
and greater economies in the gov-
ernment," and he continued:
"It's impossible for me to under-
stand how the President, in the
face of the record made in the
Congress during the last session,
and in the face of assurances given
by the administration to the major-
ity leader, Sen. Knowland (Calif.),
could take such action as he took."

HARRISBURG (AP)—Gov. John S.
Fine has been asked to take the
lead in inviting all factions of
Pennsylvania Republican leaders
into a harmony conference to pick
the party's candidate for governor.
Sen. G. Graybill Diehm, Lan-
caster County GOP leader, said he
made the appeal during a two-
hour conference with the governor.

Kansas City Grand Jury Indicts Shoulders For Perjury In Kidnap Probe

KANSAS CITY (AP)—A federal
grand jury says Louis Shoulders,
the veteran police officer who
nabbed the Greenlease kidnapers,
lied in his testimony about the
handling of \$300,000 ransom money
recovered at the time of the arrest.

The jury on Tuesday indicted
Shoulders on a charge of perjury.
Robert C. Greenlease, million-
aire Kansas City automobile dealer
whose 6-year-old son Bobby was
kidnaped and killed Sept. 28, paid
a record \$600,000 ransom.

Approximately \$300,000 was re-
covered with the arrest of kid-
naper Carl Austin Hall and his
alcoholic paramour Mrs. Bonnie
Brown Heady, who were executed
in the Missouri State Prison gas
chamber a week before Christmas.
The other half of the ransom is
still missing.

Shoulders, aided by Patrolman
Elmer Dolan, arrested Hall in a
St. Louis hotel room Oct. 6. The
veteran officer, who testified be-
fore a grand jury that indicted
Mrs. Heady and Hall, told the
jurors the suitcases containing the
money were taken promptly to the
police station.

Suitcases Involved
In its indictment Tuesday the

grand jury said Shoulders' testi-
mony "as he then and there well
knew and believed, was untrue and
false in that the suitcases men-
tioned therein containing ransom
money were not taken into the
police station at the time and in
the manner alleged."

Dolan, who was indicted on a
charge of perjury two weeks ago,
also had testified the suitcases
were brought to the Newstead po-
lice station along with Hall. Other
witnesses, who were in the station
at the time Hall was booked, testi-
fied they saw no suitcases brought
in with him.

Police records show Hall was
booked at 8:57 p.m. Kansas City

Farrell And Johnstown Top List Of Cage Champions To Win Prizes In Holiday Play

By DICK HOENIG

HARRISBURG (P)—An impressive collection of present and former scholastic basketball champions grabbed top prizes in holiday tournament play across Pennsylvania.

Heading the list were Farrell and Johnstown, both repeat titlists in their own respective invitational tournaments, annually two of the best during the Christmas-New Year's week. Other big winners included state champion Yeadon, Reading, Radnor, West Hazleton and Wampum.

The only big name loser was Allentown High, 1951 state champ and defending District 11 kingpin. The Canaries dropped their first of the year, after six wins, 52-41, to an unbeaten Philadelphia Overbrook five that boasts a 7-foot player in Stills Chamberlin.

First To Win Twice
Johnstown became the first team ever to win the 5-year-old Cambria County War Memorial event twice by netting four points in the last 45 seconds to nip Chester, 48-46. Chester hadn't lost in five previous starts.

For the Trojans, defending district titlist and again touted as the class of District 6, it was victory No. 8 in a row. In the last four years one tournament entry reached the state final every year, with two going on to take Pennsylvania championships. In 1952 Sharon, a first round tournament loser, on the western title before losing in the state final.

Farrell, 1952, state champ, edged Homestead, 64-63, on a free throw after the last gun to take the second Farrell Lions Invitational. It was Homestead's initial loss in seven starts.

Cops 6th Victory
Yeadon chalked up its sixth victory of the year in downing Old Forge, District 2 winners, 42-33. West Hazleton won the Hazleton Junior Chamber of Commerce Invitational with decisions over Kingston and Freeland High, handing Freeland its only loss in 11 games.

Wampum took the Mercer Rotary Tourney and Kane beat Erie East and Tyrone to come out on top in its own event. Reading turned back Easton, 34-28, in the feature of a benefit doubleheader last night.

Radnor edged a strong Norristown five, 44-43, for first place in the Wayne Rotary Club Tourney. The round of tournament play, to be completed over the weekend, ends a month of exhibition competition. Conference play begins in earnest next week. A district-by-district rundown of the teams with best December records:

Settles Claim For \$12,500

PITTSBURGH (P)—A \$12,500 settlement accepted by Mrs. Margaret Brill Gombert of New York has ended a court fight she opened to break the will of her industrialist father whom she claimed disinherited her because she married a Jewish musician.

Atty. Ellsworth Jordan, counsel for the \$312,000 estate of Alfred P. Brill, said Mrs. Gombert gave up all claims to the estate by agreeing to the settlement. It came yesterday after a two-day, nonjury trial.

Mrs. Gombert, 41, said her father, former president of the Rund Mfg. Co. here, disinherited her because she married Harold Gombert, a member of the New York Philharmonic Orchestra.

She contended her father, who died in 1951, was mentally incompetent when he drew up the will in 1946. The estate was divided between a son, A. P. Brill Jr., and another daughter, Joan Brill, both of Pittsburgh.

Rice from the building when the fire broke out.

Raymond MacNeil of the Harrisburg fire department escaped injury when a fire company pickup truck he was driving en route to the fire collided with a car in downtown Harrisburg.

William C. Kline, 46, of New Port R. 1, driver of the car suffered minor injuries in the crash.

Fire Chief Earl Swartz said the fire apparently started in the rear of the long warehouse and spread rapidly.

Firemen and police were probing the ruins today to determine the origin of the fire.

Draft Rule Hits Pennsylvanians

HARRISBURG (P)—Lt. Col. Henry M. Gross, state selective service director, estimates that several hundred Pennsylvanians will be affected by a presidential order revising draft exemptions.

The order requires reduction into the Army of men who served only a short time, such as one or two days, and received exemptions that day.

The reduction applies a minimum of six months service for 1C classification as a technician and exempt from the draft.

4 MAJOR COURT POWERS ADD TO HOLIDAY WINS

By BEN PHLEGAR

NEW YORK (P)—Four major basketball powers held new laurels today as they added holiday tournament titles to their unbeaten records.

Western Kentucky, the winningest school playing a major schedule, ran its string to an even dozen with an 89-71 triumph over Louisville in the final of the Kentucky Invitational at Louisville.

Duquesne and Rice extended their streaks to 10 each. The towering Dukes from Pittsburgh whipped Niagara 66-61 with jumping Dick Ricketts hitting for 30 points in the final of the Garden Holiday Festival in New York.

Holy Cross Wins

Gene Schwingner and Joe Durrenberg combined in a late rally that gave Rice a 65-58 decision over Texas in the final of the Southwest Conference Tournament at Houston. Schwingner scored 24 points and 84 in the three-game run.

Holy Cross won the Sugar Bowl Tournament with its seventh consecutive victory, 66-56 over defending champion Louisiana State.

Kansas, last season's losing NCAA finalist but an early disappointment this winter, captured the Big Seven Tournament in a rough battle with Oklahoma 82-73.

Navy Runs Out of Gas

The surprise of the Dixie Classic at Raleigh, where it beat defending champion North Carolina State in the semifinals, ran out of gas against Duke in the final and bowed 88-83.

In the Capital Tournament at Arlington, Va., George Washington solved Richmond's zone defense after a rough first half and won the title with an 81-67 romp.

Connecticut surprised previously unbeaten Dartmouth 70-58 for the New England Tournament title at Hanover, N. H.

Other Contests

Oklahoma A&M dumped Oklahoma City University from the unbeaten ranks in the semifinals of the All-College Tournament at Oklahoma City with a 65-50 victory. The Aggies will meet Santa Clara, 59-51 conqueror of Wyoming for the title tonight.

At Jacksonville, Fla., the University of Georgia won the Gator Bowl Tournament by upsetting Georgia Teachers 80-69.

SEND NOTE TO REDS

BONN, Germany (P)—The Big Three powers will deliver to Moscow late today or tomorrow their latest accepting Russia's proposal for the Foreign Ministers meet in Berlin on Jan. 25, Allied officials said here today.

Convicted Burglar Flees From Sheriff

DUNCANNON, Pa. (P)—Elmer C. Edwards, 21, of Jersey Shore, Pa., a convicted burglar, escaped from custody yesterday while being transported from Lycoming County Jail, Williamsport, to Eastern State Penitentiary in Philadelphia.

William King, Lycoming County sheriff, said Edwards broke away when King stopped at nearby Amity Hall, Perry County, for repairs to his car. Edwards was recently sentenced to 2½ years in the penitentiary for burglary.

DEL FLANAGAN UPSETS SAXTON

MINNEAPOLIS (P)—Unpredictable Del Flanagan barged squarely into top welterweight contention today following a split decision over Johnny Saxton around which a broad controversy still flowed.

Flanagan, sixth ranked contender, abandoned his fancy footwork in the closing rounds last night in favor of a free-swinging offensive which piled loose the verdict over the 23-year-old New York, No. 3 among the contenders.

Blinky Palermo, Saxton's manager, moaned the 10-round decision was wrong and issued a challenge for a return bout on "neutral ground."

Flanagan, 25, won the fight by tearing into Saxton in the final four rounds after the expressionless New York seemed to get stronger in the middle rounds of the nationally televised bout.

Under the Minnesota scoring system awarding 10 points to a round winner, Referee Johnny De Otis gave it to Flanagan 88-93.

Judge Britt Gorman scored it 97-95 for Flanagan and Judge Johnny Statton voted for Saxton 94-92.

FINE WILL CALL GOP MEETING ON HARMONY

By LEONARD A. UNGER

HARRISBURG (P)—Sen. G. Graybill Diehm (R-Lancaster) appeared today to have been assigned the role of go-between in bringing about harmony among Pennsylvania Republican factions.

He persuaded Gov. John S. Fine yesterday to take the lead in setting up a harmony conference to avoid a repetition next year of the bitter primary fight which gnawed the GOP in 1950.

As the harmony emissary, it presumably will be his job to go to U. S. Sen. James H. Duff to induce the former governor to sit down at the same table with Fine and G. Mason Owlett, Republican national committeeman.

No Time For Fights

"There's no question that we must achieve harmony," he emphasized. "This is no time for a cat-and-dog fight."

He said any real harmony conference must see attendance by not only the "big three" of Pennsylvania Republicanism—Fine, Duff and Owlett—but also U. S. Sen. Edward Martin and State Sen. M. Harvey Taylor, Republican state chairman.

Fine described Diehm's plan as a "laudable objective" after his conference with the Lancaster County senator yesterday.

"I am sure that his suggestion should be and will be immediately adopted."

The governor then said he would ask Fred C. Peters, Montgomery County Republican leader, to set up a partywide conference.

"I will attend any meeting whose object is harmony in the Republican party, it doesn't matter who calls it," Fine said when asked if he himself would be on hand.

Fine gave not hint on when or where such a harmony conference would be held. It would likely take place early next month before participants leave for winter vacations.

Tractor-Trailer, Car Crash; Boy Killed

READING, Pa. (P)—A 12-year-old Schaefferstown boy was killed and two companions were injured early today when their automobile and a tractor-trailer collided at the intersection of old Route 22 and the Rehoboth road near Bethel, about two miles west of here.

The victim, Lawrence Strause, was pronounced dead at the scene by Deputy Coroner John L. Auspach. He suffered fractures of the skull and right leg.

His two companions, also of Schaefferstown, were reported in fair condition at Good Samaritan Hospital, Lebanon. They were identified by hospital authorities as Curtis Kramer and Harold Kertzer, both 18.

OBSERVERS SAY 7 TOUCHDOWNS COULD DECIDE 5 BOWL GAMES

NEW YORK (P)—Close observers figured today a total of seven touchdowns should decide the five major New Year's Day football bowl games.

Three of the contests—the Rose, the Orange and the Gator—looked close enough that the winning margin in each might be a touchdown or less.

The Sugar bowl and the Cotton Bowl appeared a little more one-sided, although not by more than a couple of touchdowns apiece.

Maryland Slight Favorite

Maryland continues to rate a slight nod over Oklahoma in the Miami Orange Bowl clash between what on paper are the two highest ranking clubs. The unbeaten Terrapins of Jim Tatum won 10 games in gaining the No. 1 rating in the Associated Press poll. Oklahoma lost its opener by a touchdown to Notre Dame and was tied by Pittsburgh but wound up No. 4.

The condition of Bernie Faloney's left knee may make this game even closer. Faloney injured the knee in his last regular game against Alabama and it's not right yet, although trainer Duke Wyre says he will be available for some action.

Michigan State figures to start a new Big Ten winning streak in the Rose bowl at the expense of UCLA but it isn't nearly as strong a favorite as the Midwest clubs often are at Pasadena. UCLA pins its hopes on All-America Paul Cameron. Both teams are in fine condition.

Pick Texas Tech

The Gator Bowl at Jacksonville finds Texas Tech, highest scoring major team in the country, rated over Auburn, another explosive outfit from the Southeastern Conference. The team that can muster the most defense probably will prevail.

Georgia Tech's Engineers should extend Coach Bobby Dodd's winning bowl record to five games in their Sugar Bowl meeting with West Virginia at New Orleans. But the boys from the hills may prove every bit as good as their 8-1 record, which has been criticized in some quarters for including some relatively weak foes.

Plagued By Injuries

Injuries have plagued both of the Cotton Bowl foes, Alabama and favored Rice, with Alabama the hardest hit.

Quarterback Albert Elmore, injured in a car crash during the Christmas vacation, definitely will not suit up, Alabama Coach Red Drew said last night. He added that two other regulars, right end Bud Willis and right guard Charles Eckerly, would see only limited action as will Curtis Lynch, who is supposed to understudy Willis on the flank.

All America Kosse Johnson of Rice was still limping at yesterday's practice session and did no contact work.

Pennsy Women On Plane Forced Back

WINDSOR LOCKS, Conn. (P)—Two Pennsylvania women were aboard a Transocean Airlines plane which landed at Bradley Field last night because one of its engines "sounded a little rough."

Mrs. Charlotte Aylesworth of Sunbury, Pa., whose four children were with her, said she "didn't know what to think" when she heard the plane was turning back an hour and a half out of New York.

"My daughter started snoring," "Silent Night," she said, "and I sang right along with her until we landed safely."

Frank Sayer of Brookville, Pa., said she was "almost certain to go back to Pennsylvania" with her two small daughters.

The plane was bound for Germany with 20 women and their children, families of U.S. servicemen. They were put on another plane after a two-hour delay.

Johnstown became the first team ever to win the 5-year-old Cambria County War Memorial event twice by netting four points in the last 45 seconds to nip Chester, 48-46. Chester hadn't lost in five previous starts.

DIVING CHAMP GETS SULLIVAN TROPHY FOR '53

NEW YORK (P)—Maj. Sammy Lee, twice an Olympic platform diving champion but inactive all year, is the 1953 winner of the James E. Sullivan Memorial Trophy as amateur athlete of the year.

Stationed in Korea with the Army Medical Corps, the ear-nose-throat specialist has been unable to compete in any 1953 national championship. The 5-foot-2 American-born Korean is the first diver to get the award and the oldest winner at the age of 33.

The major won easily from the field of eight, certified by the Sullivan Memorial Committee of which Avery Brundage is chairman. The committee pared down a list of nominations from the 47 amateur athletic union districts and affiliated sports bodies.

Two Not Mentioned
Absent from the list, because their amateur status is being investigated, were Mal Whitfield, two-time Olympic 800-meter champ and world record holder for 880 yards, and Wes Santee, the University of Kansas' 4:02.4 mile. Whitfield got seven write-in votes for first and Santee four write-ins for second.

Lee, however, received 247 firsts of the 631 ballots cast by a tribunal of sports authorities. On a 5-3-1 point basis, Lee had 1,676 points. Last year he was runnerup to track star Horace Ashenfelter. The award is made by the A.A.U. to "the amateur athlete who, by performance, example and good influence, did most to advance the cause of good sportsmanship during the year."

ALUMNI TRIP CANNERS 50-41

Biglerville High School's dribblers fell to the 500 mark when they lost their third straight game Wednesday evening, the Alumni triumphing 50-41. The Cannners opened their season with three straight victories. The Alumni took the lead at 11-7 in the first period and led the remainder of the way.

Ronnie Rice and Danny Bushman each accounted for 18 points for the ex-high school stars. Don Wright, Cannner center, netted 10 to lead the varsity.

The Biglerville girls opened their campaign by dropping a 47-35 verdict to the Alumnae in the preliminary.

Biglerville will open its Adams County League campaign next Tuesday at Littlestown.

\$200,000 FIRE IN HARRISBURG

HARRISBURG (P)—Fire destroyed a one-story frame warehouse late yesterday as firemen from several companies fought to save other buildings threatened by the flames.

The blaze leveled the building on North Sixth street owned and occupied by John Stapf Inc., contractors. No one was injured.

Damage to the building and its contents was estimated by firemen and police at between \$100,000 and \$200,000.

Several pieces of contracting equipment, including trucks and cement mixers, were taken from the burning building by employees. Fifteen employees were forced to

Snowshoe Rabbit Season Opens Jan. 1

HARRISBURG (P)—The Snowshoe rabbit becomes legal game tomorrow in Pennsylvania.

The open season continues through Jan. 9, Sunday excluded, for all residents of the Commonwealth holding 1953-54 hunting licenses.

The kill this year, as in previous years, is expected to be light. The rabbits are extremely fast and elusive and are fairly scarce.

Only a small percentage of the state's estimated 850,000 licensed hunters will try for the rabbits.

Legal hours are 7 a. m. to 5 p. m. The limit is two a day and a total of six for the season.

SETTLES CLAIM FOR \$12,500

PITTSBURGH (P)—A \$12,500 settlement accepted by Mrs. Margaret Brill Gombert of New York has ended a court fight she opened to break the will of her industrialist father whom she claimed disinherited her because she married a Jewish musician.

Atty. Ellsworth Jordan, counsel for the \$312,000 estate of Alfred P. Brill, said Mrs. Gombert gave up all claims to the estate by agreeing to the settlement. It came yesterday after a two-day, nonjury trial.

Mrs. Gombert, 41, said her father, former president of the Rund Mfg. Co. here, disinherited her because she married Harold Gombert, a member of the New York Philharmonic Orchestra.

She contended her father, who died in 1951, was mentally incompetent when he drew up the will in 1946. The estate was divided between a son, A. P. Brill Jr., and another daughter, Joan Brill, both of Pittsburgh.

She fled from the building when the fire broke out.

Raymond MacNeil of the Harrisburg fire department escaped injury when a fire company pickup truck he was driving en route to the fire collided with a car in downtown Harrisburg.

William C. Kline, 46, of New Port R. 1, driver of the car suffered minor injuries in the crash.

Fire Chief Earl Swartz said the fire apparently started in the rear of the long warehouse and spread rapidly.

Firemen and police were probing the ruins today to determine the origin of the fire.

Draft Rule Hits Pennsylvanians

HARRISBURG (P)—Lt. Col. Henry M. Gross, state selective service director, estimates that several hundred Pennsylvanians will be affected by a presidential order revising draft exemptions.

The order requires reinduction into the Army of men who served only a short time, such as one or two days, and received exemptions on that basis.

The regulation requires a minimum of six months service for 1C classification as a veteran and exempt from the draft.

4 MAJOR COURT POWERS ADD TO HOLIDAY WINS

By BEN PHLEGAR
NEW YORK (P)—Four major basketball powers held new laurels today as they added holiday tournament titles to their unbeaten records.

Western Kentucky, the winningest school playing a major schedule, ran its string to an even dozen with an 89-71 triumph over Louisville in the final of the Kentucky Invitational at Louisville.

Duquesne and Rice extended their streaks to 10 each. The towering Dukes from Pittsburgh whipped Niagara 66-61 with jumping Dick Ricketts hitting for 30 points in the final of the Garden Holiday Festival in New York.

Holy Cross Wins
Gene Schwinger and Joe Durrenberg combined in a late rally that gave Rice a 65-58 decision over Texas in the final of the Southwest Conference Tournament at Houston.

Schwinger scored 24 points and 84 in the three-game run.

Holy Cross won the Sugar Bowl Tournament with its seventh consecutive victory, 66-56 over defending champion Louisiana State.

Kansas, last season's losing NCAA finalist but an early disappointment this winter, captured the 12 Seven Tournament in a rough battle with Oklahoma 82-73.

Navy Runs Out of Gas
Navy, the surprise of the Dixie Classic at Raleigh, where it beat defending champion North Carolina State in the semifinals, ran out of gas against Duke in the final and bowed 98-83.

In the Capital Tournament at Arlington, Va., George Washington solved Richmond's zone defense after a rough first half and won the title with an 81-67 romp.

Connecticut surprised previously unbeaten Dartmouth 70-58 for the New England Tournament title at Hanover, N. H.

Other Contests
Oklahoma A&M dumped Oklahoma City University from the unbeaten ranks in the semifinals of the All-College Tournament at Oklahoma City with a 65-50 victory. The Aggies will meet Santa Clara, 59-51 conqueror of Wyoming for the title tonight.

At Jacksonville, Fla., the University of Georgia won the Gator Bowl Tournament by upsetting Georgia Teachers 80-69.

SEND NOTE TO REDS
BONN, Germany (P)—The Big Three powers will deliver to Moscow late today or tomorrow their notes accepting Russia's proposal that the Foreign Ministers meet in Berlin on Jan. 25, Allied officials said here today.

Convicted Burglar Flees From Sheriff

DUNCANNON, Pa. (P)—Elmer C. Edwards, 21, of Jersey Shore, Pa., a convicted burglar, escaped from custody yesterday while being transported from Lycoming County Jail, Williamsport, to Eastern State Penitentiary in Philadelphia.

William King, Lycoming County sheriff, said Edwards broke away when King stopped at nearby Amity Hall, Perry County, for repairs to his car. Edwards was recently sentenced to 2-5 years in the penitentiary for burglary.

Three of the contests—the Rose, the Orange and the Gator—looked close enough that the winning margin in each might be a touchdown or less.

The Sugar owl and the Cotton Bowl appeared a little more one-sided, although not by more than a couple of touchdowns apiece.

Maryland Slight Favorite
Maryland continues to rate a slight nod over Oklahoma in the Miami Orange Bowl clash between what on paper are the two highest ranking clubs. The unbeaten Terrapins of Jim Tatum won 10 games in gaining the No. 1 rating in the Associated Press poll, Oklahoma lost its opener by a touchdown to Notre Dame and was tied by Pittsburgh but wound up No. 4.

The condition of Bernie Faloney's left knee may make this game even closer. Faloney injured the knee in his last regular game against Alabama and it's not right yet, although trainer Duke Wyrre says he will be available for some action.

Michigan State figures to start a new Big Ten winning streak in the Rose bowl at the expense of UCLA but it isn't nearly as strong a favorite as the Midwest clubs often are at Pasadena. UCLA pins its hopes on All-America Paul Cameron. Both teams are in fine condition.

Pick Texas Tech
The Gator Bowl at Jacksonville finds Texas Tech, highest scoring major team in the country, rated over Auburn, another explosive outfit from the Southeastern Conference. The team that can muster the most defense probably will prevail.

Georgia Tech's Engineers should extend Coach Bobby Dodd's winning bowl record to five games in their Sugar Bowl meeting with West Virginia at New Orleans. But the boys from the hills may prove every bit as good as their 8-1 record, which has been criticized in some quarters for including some relatively weak foes.

Coach Art Lewis has drilled his Mountaineers hard for the past 10 days. Tech has been satisfied with only one full-scale drill.

Plagued By Injuries
Injuries have plagued both of the Cotton Bowl foes, Alabama and favored Rice, with Alabama the hardest hit.

Quarterback Albert Elmore, injured in a car crash during the Christmas vacation, definitely will not suit up. Alabama Coach Red Drew said last night. He added that two other regulars, right end Bud Willis and right guard Charles Eckerly, would see only limited action as will Curtis Lynch, who is supposed to understudy Willis on the flank.

All America Kosse Johnson of Rice was still limping at yesterday's practice session and did not contact work.

Pennsy Women On Plane Forced Back
WINDSOR LOCKS, Conn. (P)—Two Pennsylvania women were aboard a Transocean Airlines plane which landed at Bradley Field last night because one of its engines "bounced a little rough."

Mrs. Charlotte Aylesworth of Sunbury, Pa., whose four children were with her, said she "didn't know what to think" when she heard the plane was turning back an hour and a half out of New York.

"My daughter started singing 'Silent Night,'" she said, "and I sang right along with her until we landed safely."

"Fredrick Sayer of Brookville, Pa., said she was 'almost dizzy' to go back to Pennsylvania" with her two small daughters.

The plane was bound for Germany with 20 women and their children, families of U.S. servicemen. They were put on another plane after a two-hour delay.

Tractor-Trailer, Car Crash; Boy Killed
READING, Pa. (P)—A 13-year-old Schaefferstown boy was killed and two companions were injured early today when their automobile and a tractor-trailer collided at the intersection of old Route 22 and the Rehersberg road near Bethel, about two miles west of here.

The victim, Laverne Strause, was pronounced dead at the scene by Deputy Coroner John L. Aupach. He suffered fractures of the skull and right leg.

His two companions, also of Schaefferstown, were reported in fair condition at Good Samaritan Hospital, Lebanon. They were identified by hospital authorities as Curtis Kramer and Harold Kentzner, both 18.

OBSERVERS SAY 7 TOUCHDOWNS COULD DECIDE 5 BOWL GAMES

NEW YORK (P)—Close observers figured today a total of seven touchdowns should decide the five major New Year's Day football bowl games.

Nervous as a kitten at first, but inhaling confidence as seixas fell into the simplest errors, the dark-haired Sydney youngster swept past his opponent in 93 minutes to give the Aussies a 3-2 victory and their 11th triumph since the series started in 1900.

This was the fourth straight year the lads from Down Under have beaten off the Yanks in the Challenge Round. The Americans won from 1946 through 1949.

Crowd Loved It
Although neither Rosewall nor Seixas played above-average tennis in the technical sense of the word, it was a good match from a competitive standpoint and the crowd of 17,500 that filled every seat in the Kooyong stadium got a big kick out of it.

Right down to the final point there was doubt about the winner. When it was all over, the spectators gave young Rosewall a standing cheer and showered the center court with seat cushions. Officials appealed repeatedly for order but the fans in the huge three-tier oval burst into a wild frenzy and ignored the appeals.

May Keep Cup Long Time
Rosewall deserved everything. The youngster came back from a severe case of Davis Cup jitters which forced Captain Harry Hopman to bench him in the doubles. He lost his first singles match to America's Tony Trabert and was so unimpressive that he was replaced by Rex Hartwig for the tandem event.

He had one big psychological advantage, and that was that he had beaten Seixas in all their previous half-dozen meetings. For some unknown reason, Vic, even at his best, has folded before Rosewall. And Seixas was not at his best today. Nor has he been since he arrived in Australia.

Now with Rosewall and his fellow 19-year-old, Lewis Hoad, ready to fight off the challenge for years to come, the question arises: When will the United States win back the cup? The Aussies are betting it will be a long time.

Ken Rosewall, Australian Racquet Wonder At 19, Saves Davis Cup For Aussies By Mowing Down Vic Seixas

By WILL GRIMSLEY

MELBOURNE (P)—Ken Rosewall, a pint-sized racquet rifleman of 19, saved the coveted Davis Cup for Australia today by mowing down America's depressed Wimbledon champion, Vic Seixas, 6-2, 2-6, 6-3, 6-4 in the climactic fifth match of the Challenge Round.

Nervous as a kitten at first, but inhaling confidence as seixas fell into the simplest errors, the dark-haired Sydney youngster swept past his opponent in 93 minutes to give the Aussies a 3-2 victory and their 11th triumph since the series started in 1900.

Today's Talk
By GEORGE MATTHEW ADAMS
YOU CAN!

What a lift it gives to all of us to have some one else tell us that we have powers within us that can work wonders simply by putting them to the test. Few people ever push aside voluntary encouragement. Within us all is there planted a hunger for it, and it gets nourishment merely by someone telling us that we can.

I came across this paragraph in the *Meditations* of Marcus Aurelius. He said "Because your own strength is unequal to the task, do not assume that it is beyond the powers of man; but if any thing is within the powers and province of man, believe that it is within your own compass also."

I like that line someone has said "He can who THINKS he can." That is the reason why so many worthwhile things have been done in this world — people have believed that they could be done and so went ahead and did them! It would be a good plan to imagine that some power whispered to us those magic words—"YOU CAN!"—so that we might learn to pass failure without paying any attention to it.

The beloved and talented Don Marquis once wrote one of the most inspiring poems I have ever read. It was the line "I am full of new beginnings." People like that keep going ahead. Those two words—"YOU CAN"—hang over the portal of their hearts. Discouraged at times? Certainly. We all get that way, but it has no permanence if a new beginning is put to work.

YOU CAN! These are magic words that can change the entire outlook of one's life. I once read of a man who took his dictionary and inked out the word "failure." He didn't want to know the meaning of such a word. Cheers to him! It has no place in the dictionary of any of us.

When the late Henry Ford told his engineers that he wanted an eight cylinder engine forged into one block, he was told it couldn't be done. Every time he was told this he promptly told them to go ahead and do it anyway. It was done!

Tomorrow Mr. Adams will talk on the subject: "A Dog's Grave."

Just Folks

NEW YEAR'S EVE
Never mind the paper cap.
Never mind the baby's rattle.
I don't want a thing to clap
Or a bell designed for cattle.
All I want to greet the new year's
Just a kiss or two from you dears.

I don't want a horn to blow
Or those squeaky things that stretch out.
I can let the old year go
Without gadgets some folks fetch out.
All I ask to greet the new year's
Just a hug or two from you dears.

New Year's eve I'll be on hand
When the midnight bells are ringing.
Quietly with you I'll stand
Hoping good for all it's bringing.
My one wish throughout the new year's
Time will gently deal with you dears.

DEFENSE WORK PLAN PROMISES FIREWORKS IN NEXT CONGRESS

By ROWLAND EVANS JR.

WASHINGTON (AP) — An Eisenhower administration plan for funneling more government defense work into areas of large unemployment ran into a barrage of heavy criticism from Southern Democrats today, foreshadowing verbal fireworks when Congress meets next week.

Sen. Maybank (D-SC) accused President Eisenhower of turning his back on his campaign promises. Sen. Sparkman (D-Ala.) and Sen. Hill (D-Ala.) said the program, set forth again yesterday at the Little White House at Augusta, Ga., violated pledges made by the GOP leadership in the Senate last July.

And Sparkman declared it is not true, as Presidential Press Secretary James C. Hagerty said, that "this is the first time a national administration has tried to do something" about chronic regional unemployment.

Truman Had Plan
Sparkman said the Truman administration had a "positive and definite program" for cutting defense contracts into areas of labor surplus.

In Augusta, Hagerty declined to comment further when asked about an official policy of the Truman administration, put into effect in 1952, to award defense contracts to other than the low bidders in an effort to counter unemployment in some areas.

Hagerty also said the policy was being announced for the first time, so far as he knew. Actually, it had been outlined in a memorandum by Arthur S. Flemming, defense mobilization director, last Nov. 4 and made public then. At that time, Flemming named 17 large and 22 smaller metropolitan areas of chronic unemployment as eligible for aid.

Some Obligations
In its essentials, the policy is similar to that of the Truman administration, abandoned last August, to give preference in the award of defense contracts to areas where there is considerable unemployment.

Most criticism of it in the past has come from Southerners who argued that it would rob their textile mills, for example, of government business which would be steered to New England.

"Altogether a bad policy and one I have never favored," Sen. George (D-Ga.) said. "It's a great mistake and will unbalance industry everywhere."

Some Features Changed
On the other hand, Sen. Saltonstall (R-Mass.) said the provisions for liberalized tax write-offs and for setting aside a fixed percentage of some procurement for surplus labor areas "are helpful as far as they go, and I am happy they have President Eisenhower's support." Hagerty said as much as 30 per cent of some procurement items—army blankets, for example—might be set aside.

But Saltonstall added in a statement that the program was not prompted by recent statements by some economists and Congress members that the country is in a recession. Eisenhower's statement said he was in "complete agreement" with the anti-unemployment moves outlined in November by Flemming.

Sen. Maybank, in a statement released here, declared that Eisenhower had turned his back "on campaign promises of state rights, more freedom for private business and greater economies in the government," and he continued:

"It's impossible for me to understand how the President, in the face of the record made in the Congress during the last session, and in the face of assurances given by the administration to the majority leader, Sen. Knowland (Calif.), could take such action as he took."

HARRISBURG (AP)—Gov. John S. Fine has been asked to take the lead in uniting all factions of Pennsylvania Republican leaders into a harmony conference to pick the party's candidate for governor.

Sen. G. Graybill Diehm, Lancaster County GOP leader, said he made the appeal during a two-hour conference with the governor.

Teachers May Ask \$1,000 Pay Increase

HARRISBURG (AP) — Pennsylvania's organized school teachers want a \$1,000 annual salary increase but have decided to let its legislative committee draw up specific demands.

Some 700 delegates to the Pennsylvania State Education Association's annual convention adopted two resolutions late Tuesday on salaries.

One called for a \$1,000 salary increase. The second proposed raising the minimum starting salary from \$2,400 to \$3,600.

The association also elected Norman C. Brillhart, Reading, as president for the coming year and heard Dr. Francis B. Haas, state superintendent of public instruction call for development of an educational program to attract more teachers to the schools.

ment that the "abandonment of the bid-matching procedure was a blow to the program . . ."

He referred to a feature of the Truman policy, not revived, which permitted the government to ask a contractor in a surplus labor area with the most unemployment. Other features include the encouragement of bids from qualified contractors in areas of unemployment, and the encouragement of subcontracts in such areas.

Maybank Statement
Hagerty said announcement of the program was not prompted by recent statements by some economists and Congress members that the country is in a recession. Eisenhower's statement said he was in "complete agreement" with the anti-unemployment moves outlined in November by Flemming.

Sen. Maybank, in a statement released here, declared that Eisenhower had turned his back "on campaign promises of state rights, more freedom for private business and greater economies in the government," and he continued:

"It's impossible for me to understand how the President, in the face of the record made in the Congress during the last session, and in the face of assurances given by the administration to the majority leader, Sen. Knowland (Calif.), could take such action as he took."

Kansas City Grand Jury Indicts Shoulders For Perjury In Kidnap Probe

KANSAS CITY (AP)—A federal grand jury says Louis Shoulders, the veteran police officer who nabbed the Greenlease kidnapers, lied in his testimony about the handling of \$300,000 ransom money recovered at the time of the arrest.

The jury on Tuesday indicted Shoulders on a charge of perjury. Robert C. Greenlease, millionaire Kansas City automobile dealer whose 6-year-old son Bobby was kidnapped and killed Sept. 28, paid a record \$300,000 ransom.

Approximately \$300,000 was recovered with the arrest of kidnaper Carl Austin Hall and his alcoholic paramour Mrs. Bonnie Brown Heady, who were executed in the Missouri State Prison gas chamber a week before Christmas. The other half of the ransom is still missing.

Shoulders, aided by Patrolman Elmer Dolan, arrested Hall in a St. Louis hotel room Oct. 6. The veteran officer, who testified before a grand jury that indicted Mrs. Heady and Hall, told the jurors the suitcases containing the money were taken promptly to the police station.

Suitcases Involved
In its indictment Tuesday the grand jury said Shoulders' testimony "was then and there well known and believed, was untrue and false in that the suitcases mentioned therein containing ransom money were not taken into the police station at the time and in the manner alleged."

Dolan, who was indicted on a charge of perjury two weeks ago, also had testified the suitcases were brought to the Newstead police station along with Hall. Other witnesses, who were in the station at the time Hall was booked, testified they saw no suitcases brought in with him.

Police records show Hall was booked at 8:57 p. m. Kansas City and St. Louis authorities declined to say when the suitcases first were reported seen by persons other than Shoulders and Dolan. The St. Louis Post-Dispatch has reported, however, that some policemen at the station said they first saw the suitcases at 11:30 p. m.

Resigned In Anger
Shoulders, a member of the force 27 years, resigned in anger after a St. Louis police board began an investigation into the handling of the money last October. He received his tip that Hall

BUSY SCHEDULE KEEPS FINE FROM HARMONY MEET

PHILADELPHIA (AP)—Gov. John S. Fine got his appointment calendar overloaded Tuesday and a scheduled "harmony" meeting of some Republican leaders seeking to name a gubernatorial candidate was cancelled.

The meeting was called for early in the day but the governor sent word at the last minute, a source said, that he would be unable to attend because of another appointment.

Instead, National Committeeman G. Mason Owlett, Montgomery County Commissioner Fred C. Peters, and former State Sen. John J. McClure of Delaware County discussed candidate possibilities and "other party matters."

Fine arrived in town later in the day and after meeting with Gov. Alfred E. Driscoll of New Jersey, did confer with Owlett and Peters.

Meanwhile, the name of Superior Court Judge Blair F. Gunther was mentioned as a possible candidate for governor or lieutenant governor. One of the leaders said he did not hear Gunther's name mentioned at Tuesday's informal talks but added "many friends of Judge Gunther are actively supporting him for a place on the ticket."

Judge Gunther was not available for comment.

Otherwise the situation hasn't

Two Arrested On Narcotics Raid

PHILADELPHIA (AP)—Two men are being held today in \$2,500 bail, pending further hearings, on charges of possession and illegal use of narcotics.

The men, George Theiman, 36, Philadelphia, and Alphonso Gregory, 32, New York City, were arrested in a raid on Theiman's apartment. Police described Gregory as a dope wholesaler and Theiman as his local distributor.

Bail was set for the pair yesterday by Magistrate George M. Levin.

changed much from the pre-meeting status, the source added. The names of L. Gov. Lloyd Wood, Superior Court Judge Robert E. Woodside, a former attorney general in Fine's cabinet, and Revenue Secretary Otto Messner were mentioned again, the source continued, "as the leading candidates" provided U. S. Sen. James H. Duff does not seek to regain the seat he left nearly four years ago.

Peters has been "more or less" chosen chairman of the group, one of the group said, and as such suggests the time and place of the meetings. The other parties then indicate whether they can attend.

State Sen. G. Graybill Diehm of Lancaster County, the other member of the group which has been holding the "harmony meeting" for several weeks in an effort to avoid a repeat of the 1950 primary fight, did not attend Tuesday.

STRIVE TO END 38-DAY STRIKE AT MERCK PLANT

RAHWAY, N. J. (AP)—Further negotiations were set for today in efforts to end a 38-day strike that has idled production at the Merck & Co. plant there.

Operations also remained at a standstill at Merck's plant in Danville, Pa., and its three Sharp & Dohme divisions in Philadelphia.

The 1,700 strikers here are represented by Local 575, CIO United Gas, Coke and Chemical Workers, which filed unfair labor practice charges against Merck Tuesday.

The union, in filing the charges with the National Labor Relations Board in New York, claims Merck tried to break up the strike at the pharmaceutical firm by offering a Christmas bonus to the workers if they would return to their jobs. The union said the company had mailed a letter to that effect to each worker.

Cannot Agree

Comment was unavailable from Merck spokesmen.

Both sides failed to reach any agreement on issues in the dispute at a negotiation session yesterday. Involved in the strike, which began Nov. 23, are wages, a union shop and other issues.

The union seeks a full union shop, but the company wants a modified union shop. This issue was discussed yesterday, along with those of seniority and pay for incentive workers and working supervisors.

Discussion of the wage issue has been put off until the other issues are cleared away.

Some progress was made in talks in Philadelphia Tuesday involving the Sharp & Dohme divisions. A company spokesman there said agreement was reached on promotion and seniority provisions.

Offer Wage Boost

The company offered an eight-cent hourly wage boost. But the union stood firm on its demand for a 14-cent hike. In addition, the union asked that members receive Thanksgiving and Christmas holiday benefits. The company said the workers weren't eligible. Another session was scheduled for today.

A total of 3,800 production workers are involved in all five plants. Merck, at a recent negotiation session, had offered Rahway workers a 22-cent-an-hour package pay increase. This offer, the company said would put wages for chemical operators at levels ranging from \$1.73 to \$2.12 hourly.

Andrew H. Willis also was fined \$2,000 yesterday by U. S. District Judge J. Cullen Ganey.

Narcotics agents said Willis has been "closely associated" with a large dope ring whose operations center in four major East Coast cities.

In the 1950 U. S. census 30 U. S. states showed a net loss in population.

BUSY SCHEDULE KEEPS FINE FROM HARMONY MEET

PHILADELPHIA (AP)—Gov. John S. Fine got his appointment calendar overloaded Tuesday and a scheduled "harmony" meeting of some Republican leaders seeking to name a gubernatorial candidate was cancelled.

The meeting was called for early in the day but the governor sent word at the last minute, a source said, that he would be unable to attend because of another appointment.

Instead, National Committeeman G. Mason Owlett, Montgomery County Commissioner Fred C. Peters, and former State Sen. John J. McClure of Delaware County discussed candidate possibilities and "other party matters."

Fine arrived in town later in the day and after meeting with Gov. Alfred E. Driscoll of New Jersey, did confer with Owlett and Peters. Meanwhile, the name of Superior Court Judge Blair F. Gunther was mentioned as a possible candidate for governor or lieutenant governor. One of the leaders said he did not hear Gunther's name mentioned at Tuesday's informal talks but added "many friends of Judge Gunther are actively supporting him for a place on the ticket."

Judge Gunther was not available for comment.

Two Arrested On Narcotics Raid

PHILADELPHIA (AP)—Two men are being held today in \$2,500 bail, pending further hearings, on charges of possession and illegal use of narcotics.

The men, George Theiman, 36, Philadelphia, and Alphonso Gregory, 32, New York City, were arrested in a raid on Theiman's apartment. Police described Gregory as a dope wholesaler and Theiman as his local distributor.

Bail was set for the pair yesterday by Magistrate George M. Levin.

changed much from the pre-meeting status, the source added. The names of Lt. Gov. Lloyd Wood, Superior Court Judge Robert E. Woodside, a former attorney general in Fine's cabinet, and Revenue Secretary Otto Messner were mentioned again, the source continued, "as the leading candidates" provided U. S. Sen. James H. Duff does not seek to regain the seat he left nearly four years ago.

Peters has been "more or less" chosen chairman of the group, one of the group said, and as such suggests the time and place of the meetings. The other parties then indicate whether they can attend.

State Sen. G. Graybill Diehm of Lancaster County, the other member of the group which has been holding the "harmony meeting" for several weeks in an effort to avoid a repeat of the 1950 primary fight, did not attend Tuesday.

STRIVE TO END 38-DAY STRIKE AT MERCK PLANT

RAHWAY, N. J. (AP)—Further negotiations were set for today in efforts to end a 38-day strike that has idled production at the Merck & Co. plant there.

Operations also remained at a standstill at Merck's plant in Danville, Pa., and its three Sharp & Dohme divisions in Philadelphia.

The 1,700 strikers here are represented by Local 575, CIO United Gas, Coke and Chemical Workers, which filed unfair labor practice charges against Merck Tuesday.

The union, in filing the charges with the National Labor Relations Board in New York, claims Merck tried to break up the strike at the pharmaceutical firm by offering a Christmas bonus to the workers if they would return to their jobs. The union said the company had mailed a letter to that effect to each worker.

Cannot Agree

Comment was unavailable from Merck spokesmen.

Both sides failed to reach any agreement on issues in the dispute at a negotiation session yesterday. Involved in the strike, which began Nov. 23, are wages, a union shop and other issues.

The union seeks a full union shop, but the company wants a modified union shop. This issue was discussed yesterday, along with those of seniority and pay for incentive workers and working supervisors.

Discussion of the wage issue has been put off until the other issues are cleared away.

Some progress was made in talks in Philadelphia Tuesday involving the Sharp & Dohme divisions. A company spokesman there said agreement was reached on promotion and seniority provisions.

Offer Wage Boost

The company offered an eight-cent hourly wage boost. But the union stood firm on its demand for a 14-cent hike. In addition, the union asked that members receive Thanksgiving and Christmas holiday benefits. The company said the workers weren't eligible. Another session was scheduled for today.

A total of 3,800 production workers are involved in all five plants. Merck, at a recent negotiation session, had offered Rahway workers a 22-cent-an-hour package pay increase. This offer, the company said would put wages for chemical operators at levels ranging from \$1.73 to \$2.12 hourly.
